

3 Steps to Outsourcing the Right Way!

Outsourcing works tremendously well when you are doing it effectively. Most people want to jump right into hiring and that's where they get into trouble. They skip the other crucial steps for getting it right.

.

<p>Step #1</p> <p>Outsourcing Blueprint</p>	<ul style="list-style-type: none"> ○ Project Identification ○ Process Identification ○ Process Creation <p>What can you stop doing in your business and delegate?</p> <p>Do you have a process to explain what you do and why?</p>
<p>Step #2</p> <p>Resource Cultivation</p>	<ul style="list-style-type: none"> ○ Teammate Selection ○ Manage Comfortably ○ Set Standards & Trust Triggers <p>How do you pick a competent teammate who gets you?</p> <p>How do you build trust and avoid micro-managing?</p>
<p>Step #3</p> <p>Cashing In</p>	<ul style="list-style-type: none"> ○ ROI Strategy ○ Reinvest Newly Found Time ○ Create Continuation Plan <p>How can you generate ROI from outsourcing?</p> <p>What systems are in place to keep the business running when you can't or don't want to work?</p>
